

Gracia Haby & Louise Jennison

Greeting cards

All *Gracia & Louise* greeting cards are full colour print, folded blank cards on smooth, heavy weight stock. Each individual card comes wrapped in a clear bag with a matching self adhesive, smooth white envelope enclosed.

*You're in my sights.
I enjoy your company.
With rainfall and thunder close behind.
Guiding me home.
On a clear night such as this I sit and watch the lights.
We charmed occasional wanderers.
An open nest proved safest of all.
There, a wild sequester'd nook for us both.
In search of the unexpected.
As if winged, moving quickly from place to place.
The clock chimed and they resumed their song.
Searching all mountains high and seas blue.
Red Fox Return.
Someone, please... my back is aching.
All things mended.
I still don't trust them.
Falling softly to the ground below.
A polar bear with lights in Antarctica.*

Card size 11 X 15.8 cm

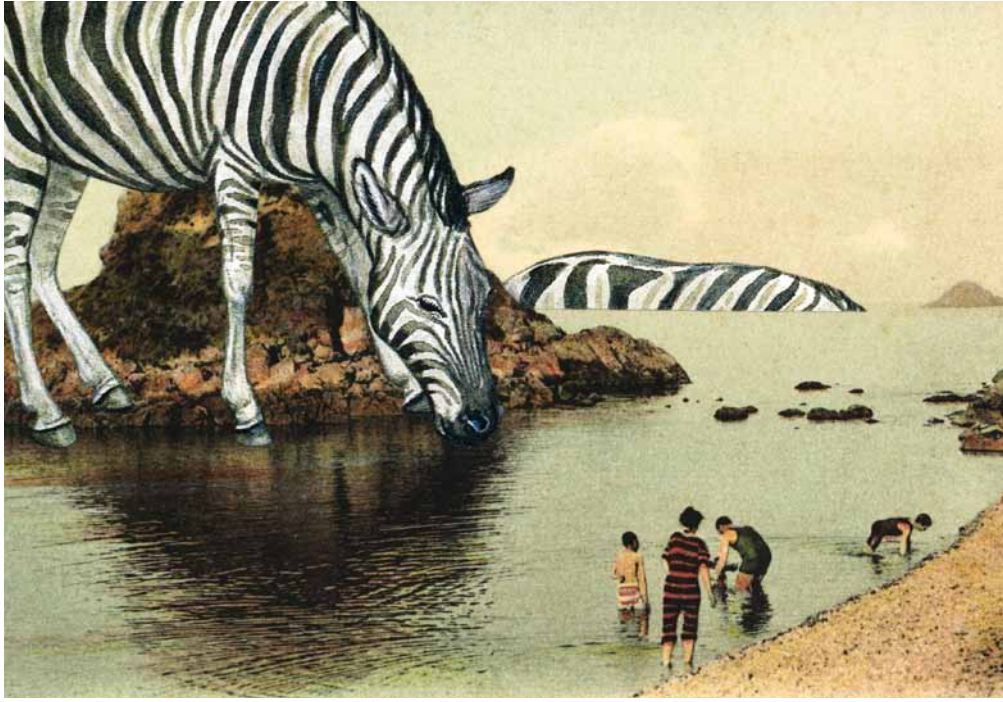

Postcards

All *Gracia & Louise* postcards are full colour print, on a smooth, heavy weight stock. Each individual card comes wrapped in a clear bag with a matching self adhesive, smooth white envelope enclosed.

*It had long ceased to be a competition for the many.
Is this enough to sufficiently woo you?
Trying to contain all those good things seemed an easy feat today.
It was found that blending in ensured far greater success.*

Card size 11 X 15.8 cm

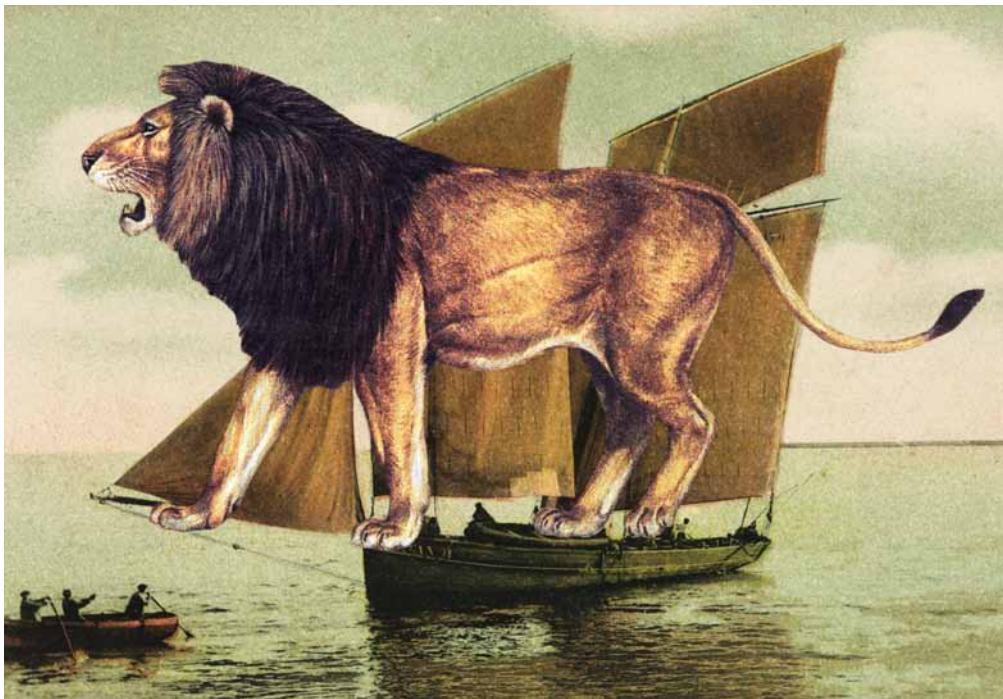

I enjoy your company.

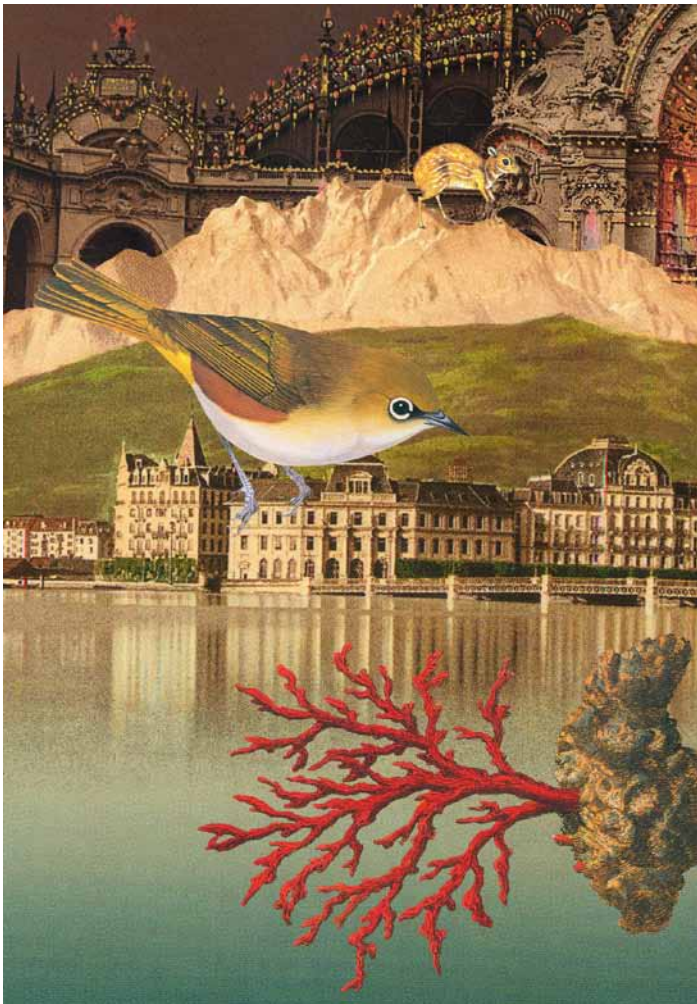

With rainfall and thunder close behind.

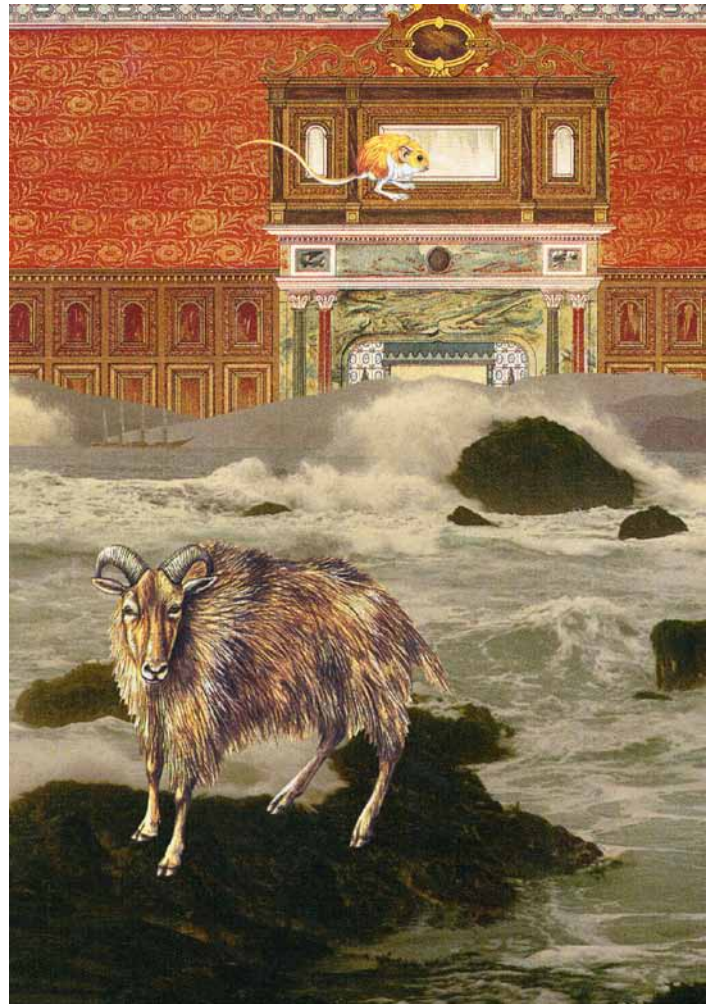

You're in my sights.

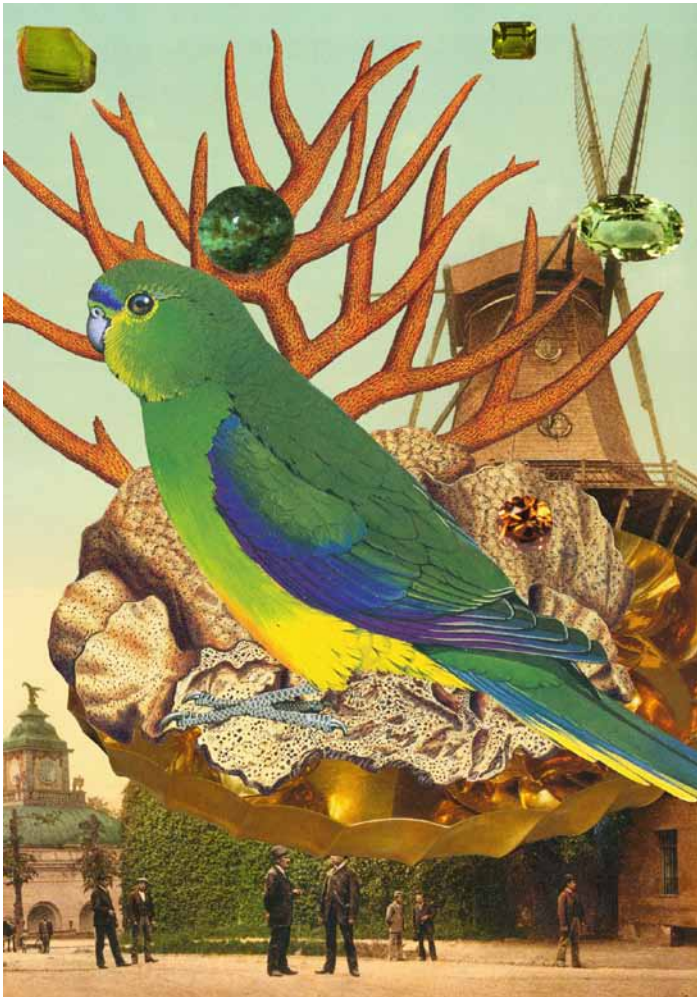

Guiding me home.

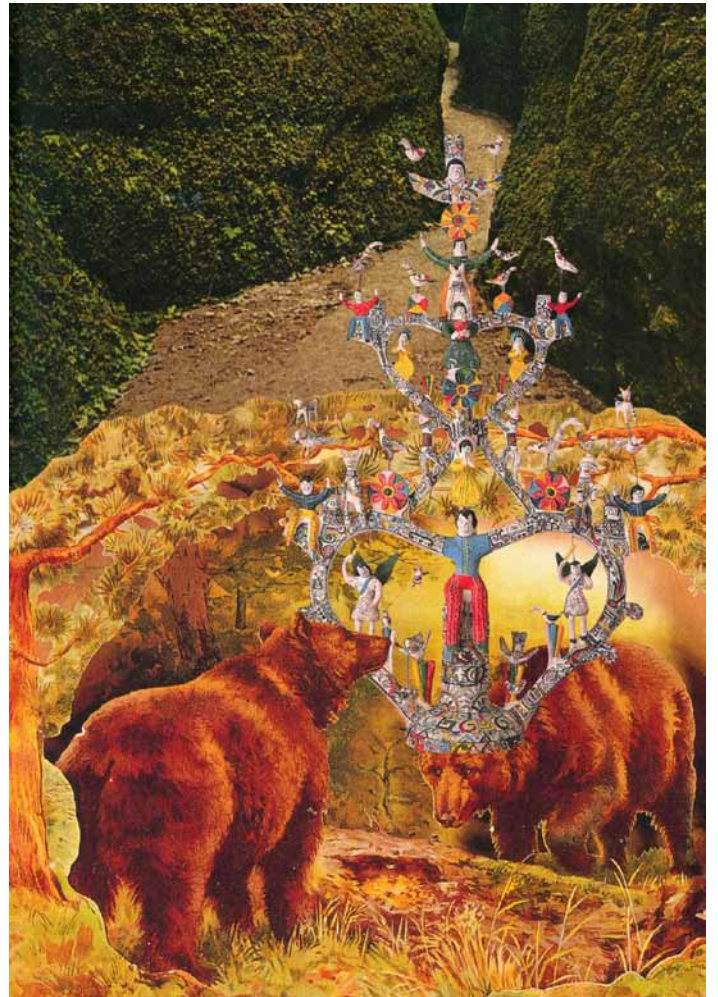

On a clear night such as this I sit and watch the lights.

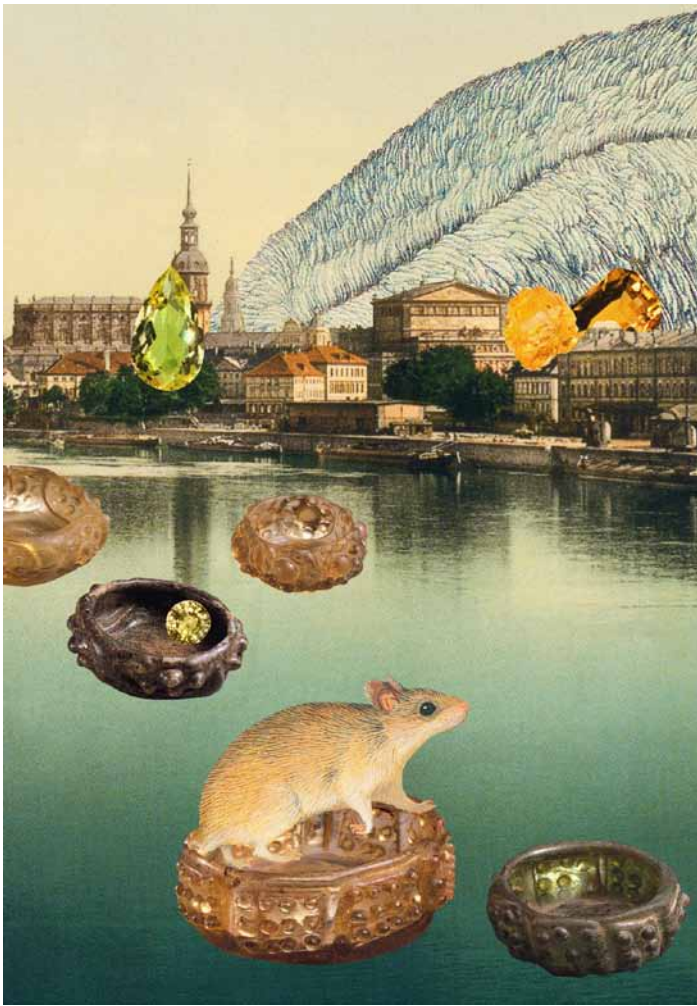

We charmed occasional wanderers.

An open nest proved safest of all.

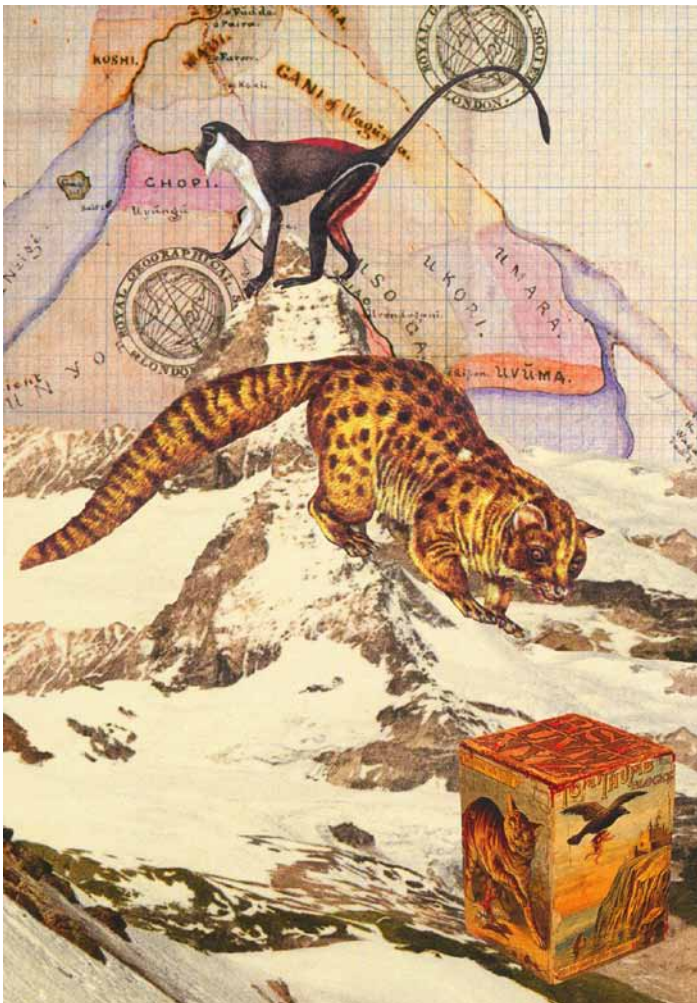

There, a wild sequester'd nook for us both.

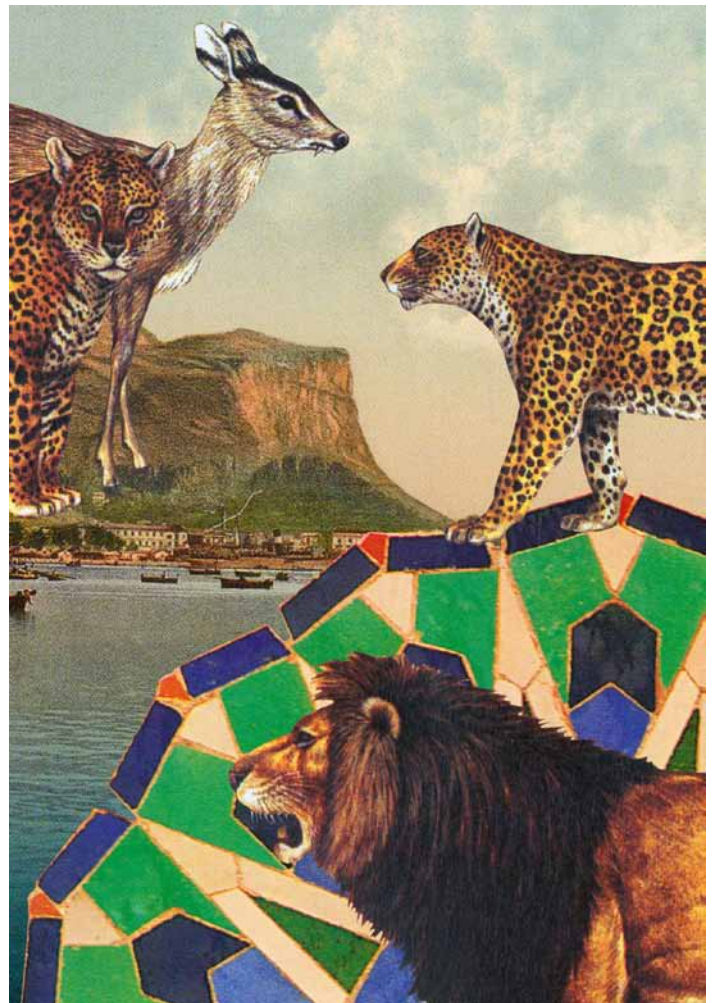

In search of the unexpected.

The clock chimed and they resumed their song.

As if winged, moving quickly from place to place.

Searching all mountains high and seas blue.

I still don't trust them.

Red Fox Return.

Falling softly to the ground below.

Someone, please... my back is aching.

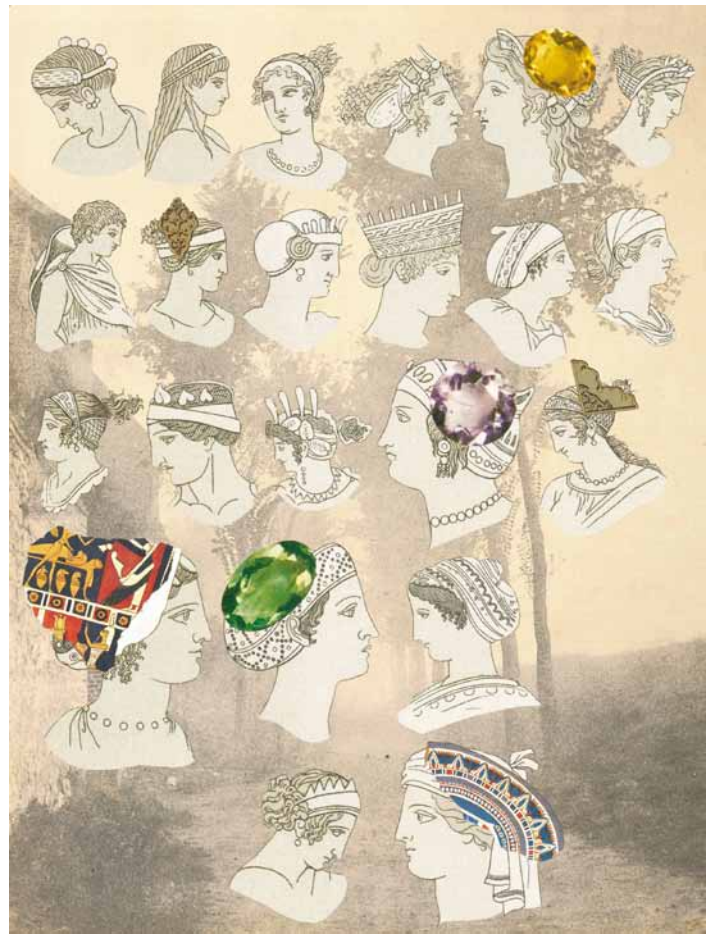

A polar bear with lights in Antarctica.

All things mended.

Is this enough to sufficiently woo you?

It had long ceased to be a competition for the many.

Trying to contain all those good things seemed an easy feat today.

It was found that blending in ensured far greater success.
